

# Make an airplane out of a plastic bottle

## You will need:

**A plastic bottle**  
You will need a 500ml or 1 litre bottle.

**Card**  
You can use different colours.

**Scissors**  
(Please use these carefully).

**Sticky tape**

**Paper**  
You will need A4 or A3 depending on the size of your bottle.

**Colouring pens**  
To decorate your plane.

# Making your airplane:

## STEP 1

To make sure you have the correct sized paper, cover your bottle using either an A4 or A3 piece of paper making sure it covers the whole area. You now have the correct sized paper to decorate your airplane. Design your paper to make it look like an airplane with windows, seats, passengers etc in the area you have marked.

## STEP 2

Using the sticky tape; stick your paper around the bottle long ways.

## STEP 3

Using the card; copy the shape of the wing below, you will need 2 wings. To ensure they are the same size, fold your card in half and cut 2 wings at the same time. You need to draw your wings about 10cms for a small bottle and about 15cms for a larger bottle.

## STEP 4

Copying the shapes below; draw your tail and propeller. Or create your own.

## STEP 5

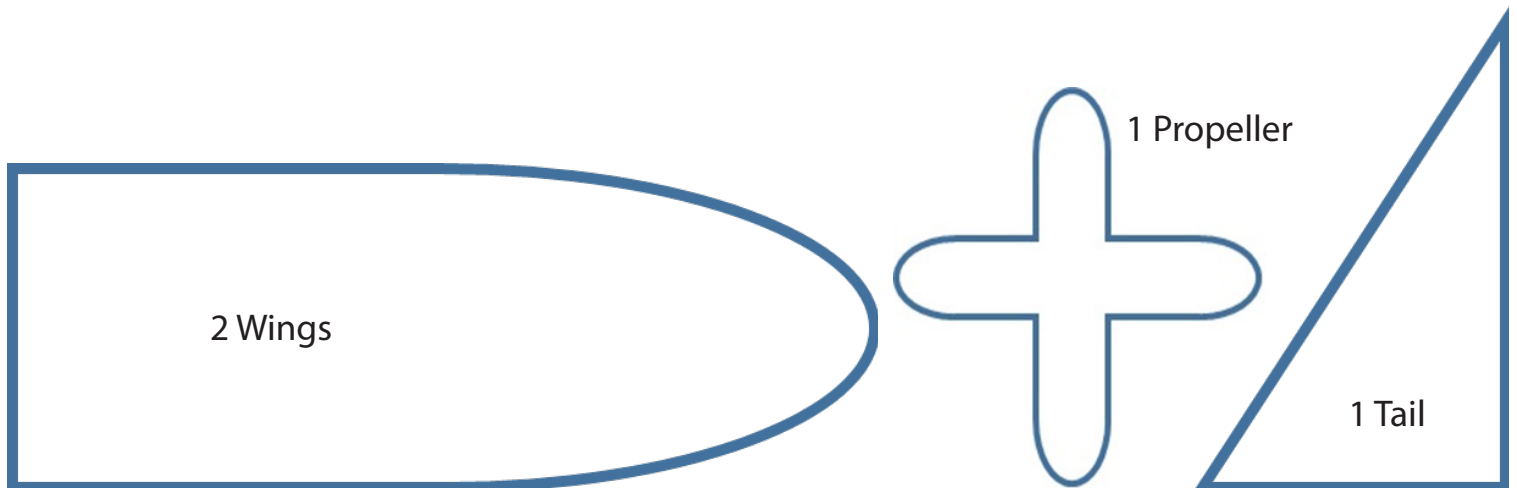

Decorate your wings, propeller and tail.

## STEP 6

Now stick them on your decorated bottle.

The wings go on either side of the bottle along the middle, the propeller goes onto the lid of the bottle and the tail goes at the back of the bottle on the top. Use the photo on the first page to help you.

Please send us photos of your airplane! Email them to [alison.bernstein@camden.gov.uk](mailto:alison.bernstein@camden.gov.uk) or WhatsApp them to 07876 651 950.
