Application for the dispensation of all or any of the consultation requirements provided for by section 20 of the Landlord and Tenant Act 1985

Section 20ZA of the Landlord and Tenant Act 1985

It is important that you read the notes below carefully before you complete this form.

This is the correct form to use if you want to ask the Tribunal to dispense with all or any of the consultation requirements set out in section 20 of the Landlord and Tenant Act 1985 and in the Service Charges (Consultation Requirements)(England) Regulations 2003.

A fee is payable for this application (see section 13 for Help with Fees).

Applications should be sent as a Microsoft Word document by **email** to the relevant regional tribunal address shown in the Annex to this form. You must also send by email **the documents listed in section 13 of this form**. If you cannot access email or find someone to assist you in lodging your application by email, then a paper application will be acceptable although there may be a delay in dealing with this. Sending an application on paper will not be suitable in urgent cases.

You can now pay the **the fee (if applicable) by an on-line banking payment or by cheque/postal order enclosed with the application form.**

If you want to be sent online banking payment details by email, please tick this box

Please make sure a copy of the application is served on the other party/parties to the application. If you are unable to serve a copy on the other party/parties, please bring this to the tribunal's attention in the covering email or if sending by post in a covering letter.

Please do not send any other documents. When further evidence is needed, you will be asked to send it in separately.

If you have any questions about how to fill in this form, the fee payable, or the procedures the Tribunal will use please contact the appropriate regional office.

If you are completing this form by hand please use **BLOCK CAPITAL LETTERS**.

Note: If this is an application by a landlord, then usually all tenants liable to pay a service charge for the costs in question should be joined as respondents. If tenants are not joined in this way, the landlord should provide the Tribunal with a list of the names and addresses of service charge payers. If this is not possible or is impractical, then a written explanation must be provided with this application.

If you are the landlord/management company making the application please omit, if known, the telephone/fax numbers and email address of the respondent(s) when completing Box 4 and include them on a separate sheet. This is because the application form may be copied by the tribunal to other appropriate persons (e.g. other service charge paying leaseholders in the building or development).

7. DISPENSATION SOUGHT

Applicants may seek a dispensation of all or any of the consultation requirements in respect of either qualifying works or long-term agreements.

Does the application concern qualifying works? Yes No

If Yes, have the works started/been carried out? Yes No

Does the application concern a qualifying long-term agreement? Yes No

If Yes, has the agreement already been entered into? Yes No

For each set of qualifying works and/or qualifying long-term agreements please complete one of the sheets of paper entitled '**GROUND FOR SEEKING DISPENSATION**'

8. OTHER APPLICATIONS

Do you know of any other cases involving either: (a) related or similar issues about the management of this property; or (b) the same landlord or tenant or property as in this application?

Yes No

If Yes, please give details

9. CAN WE DEAL WITH YOUR APPLICATION WITHOUT A HEARING?

If the Tribunal thinks it is appropriate, and all the parties and others notified of their right to attend a hearing consent, it is possible for your application to be dealt with entirely on the basis of written representations and documents and without the need for parties to attend and make oral representations. ('A paper determination').

Please let us know if you would be content with a paper determination if the Tribunal thinks it appropriate.

Yes No

Note: Even if you have asked for a paper determination the Tribunal may decide that a hearing is necessary. Please complete the remainder of this form on the assumption that a hearing will be held. Where there is to be a hearing, a fee of £200 will become payable by you when you receive notice of the hearing date.

10. TRACK PREFERENCES

We need to decide whether to deal with the case on the Fast Track or the Standard Track (see Guidance Note for an explanation of what a track is). Please let us know which track you think appropriate for this case.

Fast Track
 Standard Track

Is there any special reason for urgency in this case?

Yes No

If Yes, please explain how urgent it is and why:

Note

The Tribunal will normally deal with a case in one of three ways: on paper (see section 10 above) or 'fast track' or 'standard track'. The fast track is designed for cases that need a hearing but are very simple and will not generate a great deal of paperwork or argument. A fast track case will usually be heard within 10 weeks of your application. You should indicate here if you think your case is very simple and can be easily dealt with. The standard track is designed for more complicated cases where there may be numerous issues to be decided or where for example, a lot of documentation is involved. A standard track case may involve the parties being invited to a Case Management Conference which is a meeting at which the steps that need to be taken to bring the case to a final hearing can be discussed.

11. AVAILABILITY

If there are any dates or days we must avoid during the next four months (either for your convenience or the convenience of any expert you may wish to call) please list them here.

Please list the dates on which you will NOT be available:

12. VENUE REQUIREMENTS

Please provide details of any special requirements you or anyone who will be coming with you may have (e.g. the use of a wheelchair and/or the presence of a translator):

Applications handled by the London regional office are usually heard in Alfred Place, which is fully wheelchair accessible. Elsewhere, hearings are held in local venues which are not all so accessible and the case officers will find it useful to know if you or anyone you want to come to the hearing with you has any special requirements of this kind.

13. CHECKLIST

Please check that you have completed this form fully. The Tribunal will not process your application until this has been done. Please ensure that the following are enclosed with your application and tick the appropriate box to confirm:

A copy of the lease(s).

A statement that service charge payers have been named as respondents or a list of names and addressess of service charge payers

EITHER

A crossed cheque or postal order made out to HM Courts and Tribunal Service for the application fee of £100 (if applicable) is enclosed. **Please write your name and address on the back of the cheque or postal order. Please also send a paper copy of your application with your cheque or postal order, regardless of whether you have already emailed the application.**

OR

You have ticked the box at the top of this form to say you want the relevant regional tribunal office to send you details on how to pay the application fee of £100 by on-line banking. **The unique payment reference the tribunal office supplies MUST be used when making your on-line banking payment.**

DO NOT send cash under any circumstances. Cash payment will not be accepted.

Please note where there is to be a hearing, a fee of £200 will become payable by you when you receive notice of the hearing date.

Help with Fees

If you think you may be entitled to a reduced fee, the guide EX160A 'Apply for help with court, tribunal and probate fees' outlines how you can submit an application for Help with Fees.

You can submit your Help with Fees application online at www.gov.uk/help-with-court-fees or by completing the form EX160 'Apply for help with fees'. You can get a copy of the 'Apply for help with fees' form online at www.gov.uk/government/publications/apply-for-help-with-court-and-tribunal-fees or from your regional tribunal office.

**LONG RESIDENTIAL LEASEHOLDERS OF THE
LONDON BOROUGH OF CAMDEN SUBJECT TO
COMMUNAL ELECTRICITY AND GAS SUPPLIES**

Respondents

STATEMENT OF CASE

Application

1. This is an application by the London Borough of Camden ("Camden") for dispensation in relation to agreements that Camden intend to enter into for:

- The supply of electricity to blocks and estates and street properties for landlords' lighting, staircase lighting, lifts, estate lighting, boiler rooms and communal services such as door entry systems and fire alarms serving the Applicant's residential leasehold properties
- The supply of gas to the central boiler room on estates, communal block boilers, communal supplies on smaller blocks and some flats directly
- Those flats receiving gas supply and shown in **Appendix 1** and those flats receiving both electricity and gas supply are shown in **Appendix**

2

2. The Respondents to this application are the lessees of the Applicant for the flats listed in Appendices 1 and 2.
3. A Sample lease is at Appendix 3.

Background

4. In 2011, a Leaseholder Valuation Tribunal awarded Camden a dispensation exempting Camden from the statutory consultation procedures as defined under Section 20 of the Landlord and Tenant Act 1985 as amended in the Commonhold and Leaseholder Reform Act 2002 as defined in Section 20ZA with respect to the procurement of gas and electricity through a public sector buying organisation.
5. This enabled Camden to procure energy with a consortium of other public sector organisations through a public sector buying organisation (Central Purchasing Body) which entered into a 4 year framework agreement for gas and electricity with energy suppliers on behalf of consortium members. The appointed buying organisation was LASER, a wholly owned subsidiary of Kent County Council.
6. That framework agreement ended in September 2020 and Camden obtained on 24 July 2019 a second order for dispensation for a contract for the purchase of energy from a consortium of other public sector organisations. That appointed buying organisation was LASER. That contract ends on 30 September 2024. Camden will commence a new contract from 1 October 2024 which will then run for 4 years to 30 September 2028.
7. As a result of the nature of contracts for the supply of energy and to ensure best value is obtained from purchasing fuel on the wholesale market energy is needed to be purchased up to 2 years ahead of the contract supply date.

Camden therefore intend to enter into a new agreement with LASER to enable the advanced purchase of fuel Camden intends to sign up to a new supply arrangement in February 2022 to enable forward purchasing in the run up to the new supply period.

The Framework Agreement

7. Camden intends to enter into a new framework agreement with LASER and call-off energy supply contracts under that framework. LASER will be responsible for running gas and electricity tenders for local authorities ready for delivery of energy supply by 1 October 2024 and the ability for Camden to take this supply from October 2024. The frameworks contain multiple suppliers and has been structured in such a way that the highest-scoring Supplier is noted as the Primary Supplier and will be given first consideration for the direct award of supply business. All other suppliers are listed as Secondary Suppliers. Where a customer wishes to make arrangement for their own specific requirements that may not be satisfactorily met by the Primary Supplier, they may do so using either mini competition or direct award process to an alternative supplier. Individual customers or groups of customers may direct award on the basis of continuity of supply of existing services, or to a top-ranking supplier in any specific scored areas of the invitation to tender. This framework will be supplied as follows:

- Y22008 Flexible Procurement and Supply of Natural Gas, Daily Metered and Non-Daily Metered with Additional Service
- Y22009 Flexible Procurement and Supply of Half Hourly (HH), Non-Half Hourly (NHH), Metered and Unmetered (UMS) Electricity with Additional Service

8. It is also possible that Camden will decide to enter into a fixed-term fixed price contract for electricity (“the FTFP Contract”) called off from the Framework

Agreement as it may be in Camden's and the leaseholders' interest to accept a fixed price contract if markets are particularly low.

9. LASER will be the contracting party in terms of the Framework Agreement and Camden would be a participating authority. Once Camden confirms that it will access supplies through the framework agreement and confirms its buying strategy, LASER instructs the supplier when to purchase energy on forward markets and short-term markets for Camden and other participating organisations in advance of the October 2024 supply date or to better manage risk or take advantage of downward price movements also during the supply period. This becomes the "energy commodity" price that Camden pays within invoices for gas or electricity in October 2024 and subsequent years, which is the weighted average of the forward and short term purchases made.

10. LASER charges a fee for framework management and providing a buying and risk management service, which is recovered through the supplier's invoice. This fee is a very small percentage of the total cost of the energy contract but is nevertheless comparable or lower priced than similar organisations offering the same or similar services. The energy commodity that is forward purchased, is purchased by the supplier on behalf of Camden, and is recovered by the supplier within the invoice, when it is actually supplied. This form of buying and risk management means that Camden does not have to pay for the energy commodity before it is supplied and is an effective way to manage risk and volatility.

The benefits of using a buying organisation

11. Energy markets are complex and volatile, making them liable to sudden price fluctuations which are often linked to real or perceived threats to supply and demand that can significantly vary prices on a daily basis. A significant part of

the energy price payable is market-related, a key variant and influencing factor is the wholesale commodity price. Due to its volatility, the energy market cannot be index linked and true cost savings accrue directly from a lower absolute outlay. Given the nature of the energy market and influencing factors such as the increasing move to renewables, carbon reduction measures, taxation, reduction in generating capacity and increased reliance on energy imports, it is unlikely that the opportunity for any absolute cost reduction will occur on a consistent basis.

12. The effectiveness of the framework agreement methodology is derived from the ability of public sector authorities to, in effect, work together and collectively buy energy on the wholesale market through a Central Purchasing Body that aggregates and purchases gas and electricity commodities when market conditions are favourable. The ability to purchase 'chunks' of energy over longer periods of time avoids the high-risk strategy of single day purchasing typically associated with fixed price, fixed period tendering.

13. Using a public sector buying organisation such as LASER allows Camden to aggregate the Council's and residents' required energy consumption with the buying organisation's other customers to secure energy in a cost effective and risk managed way. It is cost effective because through aggregation at scale LASER can secure lower prices from the wholesale energy markets than Camden could secure on its own; the shape of energy is more attractive as contracts can be shaped differently than Camden can do on its own, for example streetlights can be aggregated into the agreement, using energy at night-time when generators wish to sell and helping Suppliers balance their day and night-time shape. It is risk managed as it enables LASER to forward buy energy from the Supplier in the run up to the supply start date, thus hedging against energy market volatility at the contract start date and due to

the aggregated volume, these purchases may be done more frequently than Camden could do on its own. Camden will then enter into a contract directly with the Supplier in respect of the forward purchased energy.

14. As an example of the energy cost benefits of aggregation, the Council has consistently been able to supply gas to Camden housing sites for c.50% of the retail gas price over the last 6 years. Figure 1 below describes this benefit. The domestic prices are supplied by the Department for Business, Energy & Industrial Strategy.

Figure 1 – LASER gas supply price compared to retail gas price

15. In the context of the global energy market volatility of 2022, which saw gas and electricity prices rise by over 200%, the hedging strategy described above allowed the Council to control the costs for schools, housing sites on contract and the corporate estate, by delivering achieved prices for the October 2021 to September 2022 supply period 300% below the market highs of the same period.

Consultation issues

16. It would not be practical for leaseholders to be consulted on every occasion that LASER instructs the supplier to forward buy energy on Camden's behalf as by the time the consultation process has been concluded, the prices would

no longer be available. Indeed a requirement to consult would render participation with a buying organisation led procurement process unworkable.

17. Furthermore the prices received during the forward purchasing process would not necessarily be the same as the final contract price to Camden residents but rather components of the final price, which, as noted above, would be a product of the forward buying decisions taken in the run up to the contract start date. Other aspects of pricing are regulated by government, such as distribution and use of network costs (pipes, wires and metering)

18. In relation to the FTFP Contract LASER may obtain prices on Camden's behalf from suppliers on a particular day by vetting and analysing prices over a period of time for different options of contractual terms. The price and contract options may be available for 24 – 48 hours but certainly for too short a period to provide a 30 day consultation period. It is also sometimes necessary to accept prices for additions to the contract during the contract period with sometimes as little as 2 hours' notice so therefore a 30 day consultation period would not be able to be provided.

19. In such circumstances, the process of providing a detailed proposal, inviting observations and responding to those observations as required by paragraphs 4, 5(2) and 7 of Schedule 2 of the Service Charges (Consultation Requirements) (England) Regulations 2003 (SI 2003/1987) ("the Regulations") respectively, would render the whole energy supply contract process unworkable. Neither estimates received nor contract offers would be held for the length of time taken to consult.

20. Camden intends to enter into a new framework agreement with LASER in respect of which FTS notice (formerly public notice) will have already been

served and therefore there is no need to serve an FTS in respect of Camden's intended new contracts.

QUALIFYING LONG TERM AGREEMENTS ("QLTAs")

21. Section 20 of the Act provides that:

- (1) Where this section applies to any qualifying works or qualifying long term agreement, the relevant contributions of tenants are limited in accordance with subsection (6) or (7) (or both) unless the consultation requirements have been either –
 - (a) complied with in relation to the works or agreement, or
 - (b) dispensed with in relation to the works or agreement by (or an appeal from) the appropriate tribunal."

22. Qualifying long term agreements are defined in section 20ZA as follows:

- (2) ... "qualifying long term agreement" means ... an agreement entered into, by or on behalf of the landlord or a superior landlord, for a term of more than twelve months.

23. Section 20 imposes a limit on the amount of service charges recoverable where the requirements have been neither complied with nor dispensed with.

24. Regulation 4 of the Service Charges (Consultation Requirements) (England) Regulations 2003 (SI 2003/1987) ("the Regulations") applies section 20 to qualifying long term agreements (QLTAs) if:

- (1) relevant costs incurred under the agreement in any accounting period exceed an amount which results in the relevant contribution of any tenant, in respect of that period, being more than £100."

25. Regulation 5(1) of the Regulations provides that:

(2) Where a Find a Tender (FTS) is required to be given of the relevant matters to which a qualifying long term agreement relates, the consultation requirements for the purposes of section 20 and 20ZA as regards the agreement, are the requirements specified in schedule 2.

Consultation - The relevant regime

26. The energy supply contracts Camden intend to enter into are of a sufficient value that it would require FTS, and accordingly the relevant consultation is Schedule 2 of the Regulations. However, Camden will not be giving FTS for the contracts it enters into because it will rely on the FTS served by LASER when they set up the framework agreements which Camden will access to obtain their own contract.

Dispensation - Schedule 2

Notice of Intention

27. Camden will be serving Notice of Intentions relating, inter alia, to the energy supply contracts. Camden will be able to comply with all of the consultation requirements as set out in paragraph 1 of Schedule 2 other than the requirement to explain why Camden cannot invite nominations. This is because the consultation provisions anticipate that a Find a Tender (FTS) will be given whereas for the reasons set out at paragraph 17 above, Camden will be relying on notices that have already been given by LASER.

28. Camden therefore seeks dispensation from paragraph 1(2)(d) of Schedule 2 to the Regulations.

Landlord's Proposal

29. After the time for receiving observations Camden will prepare proposals in respect of the proposed agreements. At that time the final identity of the energy suppliers and the relevant energy supply contracts may not be known.

30. Camden therefore seeks dispensation from the following paragraphs of Schedule 2 to the Regulations as regards:

4(2) providing the name and address of the other party to the contract and any connection it has with Camden.

4(4) providing an estimate of the relevant contribution to be incurred by the tenant;

4(5) providing an estimate of the total amount of expenditure under the proposed agreement;

4(6) providing a statement of the current unit cost or hourly or daily rate applicable;

4(7) providing a statement of the reasons why Camden cannot comply with sub-paragraph 4(6)(b) and the date by which an estimate can be provided; and

4(9) confirming the intended duration of the agreement.

31. Camden proposes that if dispensation is granted then such dispensation will be subject to the following conditions:

- Camden is to provide to the Respondents within 21 days of entering into a contract information about:
 - i. The name of the energy supplier
 - ii. The date of the agreement
 - iii. The contract duration
 - iv. The date on which supply starts

- v. The date on which the contract period ends by uploading that information on its website.
- Within two months of any request from a leaseholder, and after entering into a contract, the Council will make available for inspection by a leaseholder, information about the contract rates and price components and how these relate to supplies procured for all properties.

32. Camden seeks dispensation as set out above in respect of their proposed contracts because the tender process for energy procurement is incompatible with elements of the consultation process.

33. It is respectfully submitted that in these particular circumstances that dispensation be granted because, applying the relevant test set out in *Daejan Investments Ltd v Benson [2013] UKSC 14*, as the lessees will not suffer any real prejudice if dispensation is granted.

Dated this 3RD day of October 2022

Dear Leaseholder(s),

Re: <<Lease Address>>

Long Term Agreement for the supply of Electricity & Gas

I am writing to inform you that Camden proposes to enter into long-term agreements in respect of which we are required to consult leaseholders.

The first stage of the consultation is to issue a Notice of Intention which explains details of the service to be provided. Please refer to the enclosed notice.

Due to the nature of the energy market, the council will not be able to comply with all the consultation requirements and has applied to the First Tier Tribunal (property chamber) for dispensation from the regulations we cannot comply with. You can access information about the dispensation application, including a copy of our statement of case, supporting documents and the Tribunal's directions from the council's website:

Please visit www.camden.gov.uk, then choose the 'housing' icon, under 'Leaseholders and Freeholders' click on 'Consultation with Leaseholders on Building Works and services', at the top of this page choose 'Boroughwide consultations'. And any information or documents for this dispensation will be shown under the following heading;

'Current Consultations

First Tier Tribunal Dispensation Application Oct 2022 - Long Term Agreement for the supply of electricity and gas (notices and all documents)'

Or you can type the following link into your browser;

<https://beta.camden.gov.uk/web/guest/consultation-with-leaseholders#azeu>

If you wish to participate in this action then the Tribunal's directions require you to file a response form by **3rd December 2022**.

If you wish to receive a printed copy of this application and directions please write to us to request this, by emailing capitalservices@camden.gov.uk and include the contract reference **22/005** and your property address and **<<Property Ref>>** in the email subject field.

Please note that as the application progresses additional documents will be added to Camden's website, including the final decision.

You can also request further information on the dispensation. Please direct any queries to capitalservices@camden.gov.uk or write to us at the above address.

Yours sincerely,

Geraldine Littlechild
Acting Head of Leaseholder Services

NOTICE OF INTENTION TO ENTER INTO A QUALIFYING LONG TERM AGREEMENT (Section 20 of the Landlord and Tenant Act 1985 (as amended) (“the Act”) and Schedule 2 of the Service Charges (Consultation Requirements) (England) Regulations 2003 (“the Regulations”).

Dear Leaseholder(s),

Re: <<Lease Address >>**Qualifying long term agreement relating to the supply of Electricity & Gas**

I am writing to inform you that the London Borough of Camden (‘the Council’), as your landlord, proposes to enter into long term agreements (“the Agreements”) in respect of which we are required to consult leaseholders, details of which are given below.

1. Introduction

The Council is planning to enter into what the Act and the Regulations call “qualifying long term agreements” (“QLTAs”). These are agreements, which last for more than 12 months and concern services to be carried out in relation to the building or estate in which you are a leaseholder.

2. General Description of the service to be provided**Supply of Electricity & Gas**

The intention is to procure the electricity and gas supply contracts through a framework set up and operated by a public sector buying organisation,

Energy markets are volatile and subject to inflationary pressure. By combining our energy spend with other public sector organisations, we are able to buy energy through the wholesale energy markets at prices that are lower than retail electricity and gas prices. The approach also involves the Council buying energy up to 24 months before the supply period start date. This forward purchasing strategy allows the Council to hedge against energy market volatility and protects residents in the event that energy prices are high on the supply period start date.

The intention is to purchase energy over a 4-year period with supply starting on 1st October 2024. This approach covers Housing gas and electricity supplies. The types of supplies are listed below. It is also intended to cover the potential purchase of electricity from renewable sources provided the cost is less than or equal to non-renewable electricity supply rates.

The two supply types are summarised below:

1. Electricity supply to meter points that are measured and billed on a non-half hourly basis. These are typically very small supply points, for example supplies powering light bulbs in communal corridors and any electrical equipment of street properties (as opposed to estate properties).

Electricity supply to meter points that are measured on a half-hourly basis (automatically). These typically serve larger communal electricity supply points such as landlords' lighting, staircase lighting, lifts, estate lighting, boiler rooms and communal services such as door entry systems, fire alarms and pumps directing hot water around communally heated housing estates.

2. Gas supply serving boilers on housing estates and other communal supplies such as cooking gas.

3. Reasons for considering it necessary to enter into the Agreement

The Council considers it necessary to enter into the Agreements for the following reasons. As your landlord, the Council has to meet certain obligations under your lease. Camden needs to be able to supply electricity to the common parts to ensure lighting, lifts and electrical equipment operate and gas to ensure that heating systems operate. Please note that the proposal will not affect your private electricity supply to your property.

4. Observations

You are invited to make any written observations regarding the proposals contained in this notice. If you wish to do this, you must send them to this office in writing to be received within 30 days from the date of this notice. All observations must be received by the **8th December 2022**. Observations should be sent to the following address:

PREFERABLY BY EMAIL DUE TO POSTAL STRIKES,

Please email capitalservices@camden.gov.uk and include the contract reference: **22/005** and your property address and **<< Property Ref >>** in the email subject field, or by post to;

Geraldine Littlechild (Acting Head of Leaseholder Services)
Leaseholder Services
London Borough of Camden
Camden Town Hall
Judd Street
London
WC1H 9JE

5. Reasons why the Council is not inviting nominations from leaseholders

The reason why you are not invited to propose a person from whom we should try to obtain an estimate is because this contract is being procured through an existing framework where public notice has already been served.

6. Cost of the services

As a leaseholder, you will only be liable for a proportionate part of any costs incurred in relation to your estate or block under your lease agreement.

Yours sincerely,

(On behalf of the London Borough of Camden)

Geraldine Littlechild
Acting Head of Leaseholder Services

Frequently Asked Questions:

Q. I pay for my own Electricity/ Gas

A. Please note that this Notice and accompanying letter relates to the communal electricity and/ or gas supply, and not your own private flat supply. If you pay for your own gas then you can ignore any reference to communal gas in this notice. Your communal electricity service charge could be for lighting in your communal hallway, a lift, door entry system or the estate lighting.

Q. What is the purpose of this Notice?

A. Camden intend to enter into a new agreement for the supply of communal electricity and gas. As a leaseholder you contribute towards the communal gas and/ or electricity costs within your service charge.

We cannot fully consult with leaseholders in the usual way, because the electricity and gas supply market is an active market. This means the prices change rapidly so we do not have enough time to carry out a full consultation with leaseholders.

We are therefore applying to the First Tier Tribunal for a dispensation from usual statutory consultation requirements. If you have any objections you should follow the instructions set out by the Tribunal. But if you have no objections, then you do not need to do anything.

Please have a look at our website where all the relevant documents are located; www.camden.gov.uk. To view the relevant documents choose the 'housing' icon, under 'Leaseholders' click on 'Consultation with Leaseholders', at the top of this page choose 'Boroughwide consultations'. And unless you have requested that the Tribunal specifically inform you of their decision, you will not receive the decision by post. But the Tribunal's decision will be uploaded to Camden's website when it is available.

Q. How will you ensure that Camden negotiates a good deal?

A. Local Authorities South East Region (LASER) is a collaborative, non-profit-making buying group, formed by Kent County Council. They have been appointed to buy Camden Council's gas and electricity. LASER will buy the Council's energy on the wholesale market through their competitively tendered compliant framework contracts with energy suppliers. Currently they buy energy on behalf of 235 public sector organisations.

The agreements are intended to achieve the best prices for our overall energy needs. The costs apportioned on a like-for-like basis to a council tenant or to a leaseholder are the same. The council does not "profit" in any way from savings, and so the agreements are equally beneficial to the leaseholder as to the Council. The benefit of using LASER is that it provides access to a number of potential pre-approved energy supplies, increasing competition and the opportunity for Camden to obtain supplies of gas and electricity at competitive rates.

Q. What Government financial support is there for residents on a Camden Heat Network/ communal heating and hot water system, who are recharged by the Council?

A. All households with a domestic electricity connection are automatically eligible for the £400 grant under the Energy Bills Support Scheme; (<https://www.gov.uk/guidance/getting-the-energy-bills-support-scheme-discount>), therefore all Camden residents will get this through their own electricity

supplier. Households will not need to apply for the Scheme, and in most cases the Government expects electricity suppliers to apply the reduction automatically to bills from October 2022.

In addition to the domestic Energy Bills Support Scheme, Camden's energy supply contracts are eligible for the Energy Bills Relief Scheme; (<https://www.gov.uk/guidance/energy-bill-relief-scheme-help-for-businesses-and-other-non-domestic-customers>), as business/non-domestic customers.

From October 2022- March 2023, energy unit rate (pence/kWh) price caps will be applied to consumption for this period. Although information is limited since the Government's announcement on 21st September 2022, it is the Council's understanding that *if* Camden's October 2022 – March 2023 contract prices (pence/kWh only) are above the 21.1p and 7.5p for electricity and gas non-domestic caps, then Camden's prices will be lowered to the capped prices. This will provide some benefit to Camden residents on a Camden Heat Network/ communal heating and hot water system, who are recharged by the Council.

The Energy Bills Relief Scheme is expected to run for 6 months, with a Government review after 3 months.

Q. Will the new energy supply be from a renewable source?

A. Only if there is not a cost premium

Q. The lights are left on in Communal Areas

A. It is Camden's duty to its residents to ensure that adequate lighting is provided in blocks and estates where potential dark spots can, or will encourage accident, injury or increase harm to one's safety.

Judge : **Judge Hawkes**

Date of directions : **12 October 2022**

**DIRECTIONS ON AN APPLICATION UNDER SECTION 20ZA OF
THE LANDLORD AND TENANT ACT 1985**

The parties may agree between themselves any reasonable change to the dates in these Directions EXCEPT for the date of sending the bundles and the hearing date/s.

Covid-19 Arrangements

- For the tribunal's current procedures, please see the Guidance for Users at: <https://www.judiciary.uk/wp-content/uploads/2021/02/Guidance-for-Users-February-2021-final.pdf>

- Unless directed otherwise, all communications to the tribunal, including the filing of documents and bundles, should be by **email ONLY**, attaching a letter in Word format. Emails must be sent to London.RAP@justice.gov.uk. The attachment size limit is 36MB. If your attachments are larger than 36MB they must be split over several emails.
- **If a party does not have email, access to the Internet and/or cannot prepare digital documents, they should contact the case officer about alternative arrangements.**

Background to the Application

- (A) The Applicant landlord seeks dispensation under section 20ZA of the Landlord and Tenant Act 1985 from some of the consultation requirements imposed on the landlord by section 20 of the 1985 Act¹.
- (B) The Applicant proposes to enter into new agreements for:
- The supply of electricity to blocks and estates and street properties for landlords' lighting, staircase lighting, lifts, estate lighting, boiler rooms and communal services such as door entry systems and fire alarms serving the Applicant's residential leasehold properties.
 - The supply of gas to the central boiler room on estates, communal block boilers, communal supplies on smaller blocks and some flats directly.
- (C) The Applicant intends to procure the new contracts making use of a framework established by the public sector central purchasing authority known as LASER. The benefit of using LASER is said to be that it allows the Borough to work collectively with others to buy energy on the wholesale market when market conditions are favourable, and to secure lower prices than the Borough could secure on its own.
- (D) Full details of the Applicant's case are set out in the Statement of Case which accompanies the application.
- (E) The new contract will run from 1 October 2024, after the current contract has expired on 30 September 2024. The Applicant seeks dispensation from consultation requirements under section 20 of the Landlord and Tenant Act 1985, on the basis that it will be able to take advantage of more competitive energy prices if it enters into these agreements and, because of the volatile nature of energy procurement, it would not be able to obtain

¹ See the **Service Charges (Consultation Requirements) (England) Regulations 2003 (SI 2003/1987)**

significant cost savings for the benefit of the leaseholders, if it were required to carry out the section 20 consultation process.

- (F) In addition, the Applicant would be unable to provide estimated costs to leaseholders, as required under the Service Charges (Consultation) Regulations 2003, because the energy will be purchased as and when a competitive price is identified by LASER on the wholesale energy market.
- (G) The only issue for the Tribunal is whether it is reasonable to dispense with the statutory consultation requirements. **This application does not concern the issue of whether any service charge costs will be reasonable or payable.**
- (H) The Tribunal Procedure (First-tier Tribunal) (Property Chamber) Rules 2013 give guidance on how the application will be dealt with.

DIRECTIONS

1. The Applicant landlord must by **2 November 2023**:
 - Write to each of the leaseholders and to any residential sub-lessee and to any recognised residents' association concerned by email, hand delivery or first-class post, setting out the following:
 - (a) Informing them of the application;
 - (b) Advising them that a copy of the application (with personal details deleted), statement of case, supporting documents and a copy of these directions will be available on the applicant's website, advising them of the URL address, and notifying them that any response to the application should be made by **23 November 2022**;
 - (c) Informing the leaseholders that if they wish to receive a printed copy of the application and these directions they should write to the applicants, who will then send printed copies (again, with any personal details deleted);
 - (d) Advise the leaseholders that as the application progresses additional documents will be added to the website, including the final decision of the tribunal, stating clearly that the final decision is likely to be uploaded on or after **16 January 2023**.
 - Confirm to the tribunal by email that this has been done and stating the date(s) on which this was done.
2. Those leaseholders who oppose the application must by **23 November 2022**:

- Complete the attached reply form and send it by email to the tribunal; and
 - Send to the Applicant landlord, by email or by post, a statement in response to the application with a copy of the reply form. They should send with their statement copies of any documents upon which they wish to rely.
3. The Applicant landlord must by **14 December 2022**:
- Prepare a digital, indexed and paginated Adobe PDF bundle of all relevant documents for use in the determination of the application, containing all of the documents on which the Applicant landlord relies, including the application form, these and any subsequent directions, copies of any replies from the leaseholders and any relevant correspondence with the tribunal;
 - Upload a copy of the bundle to their website;
 - Write to each of the leaseholders who have sent a reply form to oppose the application, by email and/or post, providing them with a link to the uploaded bundle or, if they request one, a paper copy of the bundle;
 - Also send an email to the tribunal at London.Rap@justice.gov.uk with a similar link to the uploaded bundle, that can be downloaded by the tribunal. The subject line of the email must read: "BUNDLE FOR PAPER DETERMINATION: [case reference number]".

Determination

4. The tribunal will decide the application during the seven days commencing **9 January 2023** based on the documents.
5. However, any party may request a hearing. Any such **request should be made by 7 December 2022**, giving an indication of any dates to avoid. The hearing will have a time estimate of two hours, but either party should notify the tribunal if that time estimate is insufficient.
6. If a hearing is requested:
- It shall take place on **a date to be confirmed as a face to face hearing, at 10 Alfred Place, London WC1E 7LR**, making use of the electronic documents received. The parties may if they wish (but are not obliged to) provide the tribunal and the other parties with a concise written summary of their case (referred to as a "skeleton argument") **three days** before the date of the listed hearing.
 - A party who is intending to rely upon oral witness evidence at a hearing must provide the witness with a copy of the hearing bundle for use at the hearing.

- Parties may wish to print out a copy of the digital hearing bundle(s) for use at the hearing. The tribunal will be using the digital hearing bundles provided, unless it directs otherwise.
 - Any party may request, from another party, a physical paper copy of a hearing bundle relied upon by that party (this must be provided, free of charge, within seven days of the request).
7. As the tribunal is working electronically during the current pandemic, the tribunal deciding this application will not have access to a physical file, nor electronic access to documents sent to the tribunal. It is therefore essential that the parties include any relevant correspondence to the tribunal within the digital bundle.
 8. The tribunal will send a copy of its eventual decision to the representative of every represented leaseholder and to any unrepresented leaseholders, who have completed and returned the reply form attached to these directions.
 9. Furthermore, the Applicant must either send a copy of the tribunal's decision and appeal rights to all leaseholders, or upload a copy of the tribunal's decision and appeal rights on their website, if they have one, or on a web-based document storage site **within 7 days of receipt** and shall maintain it there for at least 3 months, with a sufficiently prominent link to both on their home page, or (if longer) until the new contract is entered into.

NOTES

- a. **Whenever you send a letter or email to the tribunal you must also send a copy to the other parties (or, in the case of the applicant, post a copy on their website) and note this on the letter or email.**
- b. **Documents prepared for the tribunal should be easy to read. If possible, they should be typed and use a font-size of not less than 12.**
- c. **If the applicant fails to comply with these directions the tribunal may strike out all or part of their case pursuant to rule 9(3)(a) of the Tribunal Procedure (First-tier Tribunal) (Property Chamber) Rules 2013 (“the 2013 Rules”).**
- d. **If the respondent fails to comply with these directions the tribunal may bar them from taking any further part in all or part of these proceedings and may determine all issues against it pursuant to rules 9(7) and (8) of the 2013 Rules.**

Email sent on behalf of Mark Oakley of Judge & Priestley LLP

Dear Mr Tancred

I write further to your email of 13 October having now taken my client's instructions regarding the proposed directions.

As you will appreciate, there is a logistical exercise to send out a mailing to such a large number of leaseholders. I am advised by my client that they have checked with the printing company that provides bulk mailing out services and that 14 days notice is required to submit a bulk mailing to the postal system. My client is collating information to submit to the printers and would be able to deliver that information by Friday 21 October and therefore the posting could take place on Friday 2 November, but would ask for a date of 4 November.

However, my client notes that there are postal strikes planned on 20 and 25 October which may create backlogs of post in early November. My client understands that more strikes are proposed as follows: -

- Processing Distribution International Collections and Admin workers – 3, 9, 15, 24 November
- Delivery Workers – 4, 10, 16, 25 November
- Network workers – 2, 8, 14, 23 November

In the light of the above matters, my client requests an amendment to the proposed directions dated 12 October so that the Applicant's date for writing to each leaseholder is amended to Monday 5 November.

Thereafter, due to the postal strikes and my client's experience of up to three week delays in lessees receiving post (e.g. Section 20 Notices), that the lessees be allowed 28 days to respond pursuant to paragraph 2 of the directions. That amended date would therefore be 3 December 2022.

Thereafter, my client suggests that paragraph 3 of the existing directions be amended to 21 December.

The Tribunal would consider whether the directions at paragraph 4 and 5 need to be amended in review of the suggestions set out above.

My client would be grateful if the Tribunal could consider this request as soon as possible so that if it is agreed, the amended directions can be included in the papers to be sent to the printers by Friday 21 October.

If you have any questions arising from this email, please let me know.

Yours sincerely

MARK OAKLEY

Dear Sirs

RE: Landlord & Tenant Act 1985 - Section 20ZA)

PREMISES: Long residential leaseholders of LB of Camden, subject to communal electricity and gas supplies

Legal Officer Marsha Phillips has reviewed the email received on 18 October 2022 from Mark Oakley Judge & Priestley LLP, who is the Applicant in this matter.

Directions were issued in this case on 13 October 2022 and set out the timetable for the parties to prepare.

The Applicant has requested for an extension of time to comply with directions paragraph 1, to inform the Leaseholders of the application. The reason for the request is to allow them collocate information to submit to the printers, in order to use the facility of bulk mailing out services, to send out the information to the Leaseholders. They also, note that are planned postal strikes on 20 and 25 October which may create backlogs of post in early November

The Tribunal has considered the request and has decided that the requested should be granted. This extension will allow Applicant sufficient time to issue out the information to the Leaseholders. As this will have an impact on the Respondent, the other dates in the directions have also been varied. A copy of Amended Directions are attached to this letter.

This decision has been made by a Legal Officer. Any party affected by it is entitled to ask for it to be considered afresh by a Judge, by making an application in writing to the Tribunal within 14 days after the date this decision was sent by the Tribunal to them.

Yours faithfully

**Mr Stuart Tancred
Case Officer**

Dear Mr Oakley,

Thank you for your email.

The only other reply form we have received is from Mr Hussain (attached).

In the Amended Directions, the parties have until 14 December 2022 to request an oral hearing. Two leaseholders have requested an oral hearing, so after that date an oral hearing will be arranged.

Regards

Email sent on behalf of Mark Oakley of Judge & Priestley LLP

Dear Mr Tancred

I write further to your email of 13 October having now taken my client's instructions regarding the proposed directions.

As you will appreciate, there is a logistical exercise to send out a mailing to such a large number of leaseholders. I am advised by my client that they have checked with the printing company that provides bulk mailing out services and that 14 days notice is required to submit a bulk mailing to the postal system. My client is collating information to submit to the printers and would be able to deliver that information by Friday 21 October and therefore the posting could take place on Friday 2 November, but would ask for a date of 4 November.

However, my client notes that there are postal strikes planned on 20 and 25 October which may create backlogs of post in early November. My client understands that more strikes are proposed as follows: -

- Processing Distribution International Collections and Admin workers – 3, 9, 15, 24 November
- Delivery Workers – 4, 10, 16, 25 November
- Network workers – 2, 8, 14, 23 November

In the light of the above matters, my client requests an amendment to the proposed directions dated 12 October so that the Applicant's date for writing to each leaseholder is amended to Monday 5 November.

Thereafter, due to the postal strikes and my client's experience of up to three week delays in lessees receiving post (e.g. Section 20 Notices), that the lessees be allowed 28 days to respond pursuant to paragraph 2 of the directions. That amended date would therefore be 3 December 2022.

Thereafter, my client suggests that paragraph 3 of the existing directions be amended to 21 December.

The Tribunal would consider whether the directions at paragraph 4 and 5 need to be amended in review of the suggestions set out above.

My client would be grateful if the Tribunal could consider this request as soon as possible so that if it is agreed, the amended directions can be included in the papers to be sent to the printers by Friday 21 October.

If you have any questions arising from this email, please let me know.

Yours sincerely

MARK OAKLEY
